

The IEEE International Conference on High Performance Computing (HiPC) is the leading conference in India addressing the broad area of high performance computing and communication. The conference emphasizes the design and analysis of high performance parallel, distributed, networked and mobile systems, and their scientific, engineering, and commercial applications. HiPC 2007, the 14<sup>th</sup> conference in this series, will be held in Goa, India during December 18-21, 2007. Details about the conference can be found at [www.hipc.org](http://www.hipc.org).
